### **DETAILED ACTION**

Claims 15-27 and 33 had been canceled in the preliminary amendment filed on 23 March 2001. Under Rule 1.126, the new claim 34 is renumbered as claim 37. Claims 1-14, 28-32 and 34-37 are pending.

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I. Claims 1-4, 7-10 and 36, drawn to a macromonomer having vinylphenylpropyl as the terminated group, class 568/715.

Group II.. Claims 1-3, 5-10 and 36-37, drawn to a macromonomer having an oxetane as the terminated group, class 549/510.

Group III. Claims 11-14, 28-32 and 34-35, drawn to a polymer, classified in class 525, subclass 231.

The above delineated groups lack a common core structure which is essential to their utilities. The compounds are distinct one from the other because of their distinct chemical structures and are made by different processes with different reaction conditions and reagents. A reference to one group would not suggest and/or render the other obvious in

the absence of the secondary teachings. A search of one group is not required for the search of the other group. Thus, the restriction requirement as indicated is deemed proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ba K. Trinh whose telephone number is (571) 272-0695. The examiner can normally be reached on M-F (8:30-5:00).
